General English

PROGRAM DESCRIPTION
The General English Program is designed to improve your English skills in speaking, listening, reading, writing and grammar for everyday usage.

PROGRAM STRUCTURE
Classes are available at six levels graded from Beginner to Advanced, with each level lasting 10 weeks.

Electives
Students in the General English Program will choose elective options to study in afternoon teaching sessions and participate in various organised activities on Friday afternoons.

“I chose to study English at Bond University College because of the location, Gold Coast climate and access to Bond University facilities. The teaching and learning environment is very good. All the teachers are kind and if I didn’t understand something, they would always take the time to explain further.

As a rugby player, I also wanted to study English somewhere that I could still train and keep up my fitness regime. My favourite classes at the gym were boxing and TRX and having access to the Olympic-sized swimming pool. Some of my highlights while studying here have been the student BBQ every Wednesday, excursions to the beach and making good friends with classmates from all over the world.”

Academic English

ENGLISH FOR ACADEMIC PURPOSES (EAP)
CRICOS Course Code 066082C

PROGRAM DESCRIPTION
This course is designed to improve your academic English and study skills so you can enrol in Bond University or other higher education courses in Australia and internationally.

PROGRAM STRUCTURE
The EAP course is a full-time program. There are three levels with each level taking one semester (14 weeks) to complete. EAP runs three semesters per year so it is possible to complete all three levels within 12 months and transition seamlessly to studies at Bond University.

“When I first arrived on campus, I had a very positive impression of Bond University and had the feeling that I could learn a lot here. Bond has a great atmosphere, as well as great facilities — my favourites being the library, sports centre and swimming pool. I had an excellent experience when studying at Bond. The teaching method was more interesting than the experiences I had at other institutions in the past, and I felt that it helped me absorb more information.

I am currently studying in the Master of Construction Practice at Bond University, and studying English at Bond University College has helped me get to where I am today.”

“Bond University College has been a great experience for me because I have developed my English, met a lot of people from around the world and learnt about other cultures.

Bond University is a fabulous campus where I like to study and relax. The library is my second home. The efficiency of the administrative staff and teachers lead to an incredible environment where the student can prosper quickly and easily.

I love Bond University College because I have all of the support around me to succeed.”

“Studying English at Bond University College is a great way to improve your English skills in a relaxed and multicultural environment. My goal while at Bond is to combine my studies with training at my best level, as a competitive swimmer.

Bond University’s structure allows me to train with a high level performance team for up to 22 hours a week, while at the same time being able to focus on my English studies. All my classes and the facilities are situated on campus, which makes things a lot easier for me.”
